TAXIDERM

We established our on-site taxidermy service in 2014, driven by our passion for hunting and the desire to enhance our offerings. We take immense pride in our work, ensuring that every trophy is crafted with meticulous attention to detail. Our goal is to create lifelike representations that preserve the essence of the animal, allowing you to cherish your memories and showcase them beautifully in your home.

The estimated turnaround time for taxidermy trophies is between eight to twelve months.

Trophy Logistics and Crating PTY Ltd, will handle the crating of the trophies and will establish direct contact with the client. The shipping agent will provide a cost estimate with various options, which will be calculated based on the dimensions and weight of the crate. If you do not have a clearance agent, the shipping agent will reach out to assist you with the clearance process at Fish and Wildlife.

Please be advised that shipping is managed through Trophy Logistics and crating (PTY) Ltd and not through Dinkwe Safari & Taxidermy.
